PARTNER WITH THE HEALTHCARE DATA EXPERTS

The healthcare you deliver is vital to your patients. And today, a smart data strategy is vital to healthcare delivery.

ELLKAY can help you cut IT costs, increase data security, decommission expensive, aging applications, and achieve true interoperability across your enterprise.

LKArchive consolidates your data in a single repository, allowing you to shut down obsolete software, retain discrete and non-discrete legacy data, and support unique workflows throughout your organization.

With your historic data safe in one dynamic solution, you can focus on a data strategy for the future.

| SUPPORTS ALL WORKFLOWS	ENTERPRISE RESOURCE MANAGEMENT	HIM & DOCUMENT MANAGEMENT	SPECIALTY CLINICAL DATA
Clinical	Administrative Informatics	Reporting Financial	HIM	etc.	Supply Chain Management	HR Financial Management & Financial with A/R Rundown	Full Chart Printing Advanced Research & Reporting ROI	Scan Documents	Oncology	Cardiology Blood Bank Pharmacy	etc.

Cut costs related to legacy data retention by up to **70-80%**.

An easy-to-use, flexible enterprise archive solution

LKArchive is a dynamic, web-based application that enables access to discrete and non-discrete legacy healthcare data while supporting the various roles throughout your healthcare organization.
